

# Glow (Demo)

## Royal Thunder

Oh i really need to get back  
would you let me in  
ive been running with a dead man  
and i let him win  
gotta show em love  
theyre all you have  
better let them help you  
theyre all you have  
breaking me down  
i know they can feel it  
breaking me down  
they know all our secrets  
breaking me down i know that  
they know who we are  
breaking me down i know they can feel it  
breaking me down  
they know all our secrets  
breaking me down  
i know that they know what we are  
what we are  
a happy feeling when i get back  
cuz' they let me in  
but now im walking like a dead man  
where do i begin  
gotta let them love you  
theyre all you have  
gotta let them help you  
theyre all you have  
tread lightly  
those hands arent clean  
youve got alot of nerve to spit in your hand for me  
youve got alot of nerve spending it like its free  
youve got alot of nerve to lie and lie again  
youve got a lot of nerve but you aint fooling me  
its on you  
its not me
