Secret In the Dark (The Juan MacLean Edit)

Monika

Woooh ooh ooh ooh ooh ooh
There's a secret in the dark
heating light behind the faces
I can feel it in the air, hear the silence in the room
If I try to find the keys of what I missing,
would I give my life away to everyone?Woooh ooh ooh ooh ooh ooh
There is a secret in the dark,
Pleaser, something like a rainbow
I can see it in your eyes, hear the breaking in your voice
If I try to find the keys of what I missing,
Would I give my life away to everyone?
