Chingy

[Chingy]

What's up y'all?

It's Chingy slot a lot in the house

We got Jackpot The Pimp in the back

We came herre today to address a certain issue

That all you young playas need to know about, for real[Hook: Chingy]

Juice these hoes (what)

Juice these hoes (say it)

All my playas grab ya nuts

And juice these hoes (c'mon)

Juice these hoes (what)

Juice these hoes (say it)

All my playas grab ya nuts

And juice these hoes (you tell her)

Trick get back (uh)

Trick get back (you tell her)

Trick get back fo' yo ass get smacked (you tell her)

Trick get back (what)

Trick get back (you tell her)

Trick get back fo' yo head get cracked[Verse 1: Chingy]

You can't fool me ho, wit that movie star role

Take yo ass to the sto', get a job and blow

Why should I love ya? why should I kiss ya?

Gang of cats banged ya, that's why I diss ya

I'ma paint a picture, didn't them gang hit ya?

Now you want me to play Sugar Daddy all wit ya

Crazy as a mental patient in a wheelchairr

Take that weave out, and go get some real hairr

Let's play Truth or Darre

Is it true that you gave head in a phone booth

Girl that shit ain't you, but oh, you don't carre

When I'm out I see you sharre

I don't want to fuck, I want to get in them pockets

But first I gotta G, ain't too fairr

I claim Dip, my set, your strip, your check, my grip

Trick, set out them lips, and them hips[Bridge: Chingy]

Ho you can't get a dolla from me (Not one dolla)

A playa is yo man-to-be (That's me)

You are the weakest link, girl you I don't need (go on bout ya biz)

All my cats, won't you say it wit me, we...[Hook: Chingy][Verse 2: Chingy]

Go on wit that depressiveness, young minded aggressive shit

Last in a tension click, really don't know who you messin' wit

Nah I don't see no sensual shit

Un-dis-respectful bitch, take a look at my neck-a-lace

Bother them when you get up fo' break-fast

You can let them pansies hit, 'til you reach my man still miss

Never delt wit pressure pimp, I retire don't never simp

Girls talk, dudes do it, I ain't herre to impress a chick

My lesson is never sweat a chick, put em up front just like Letterman

I'm a better Cris, she better than the last freak that exit chick

She liked to be rubbed wit Panathan

Talk what you like and get her ends[Bridge: Chingy]

Ho you can't get a dolla from me (Not one dolla)

A playa is yo man-to-be (That's me)

You are the weakest link, girl you I don't need (go on bout ya biz)

All my cats, won't you say it wit me, we...[Hook: Chingy][Verse 3: Chingy]

They done did us so many times I gotta do these hoes

Quit lookin at me, y'all funny I don't care if you these hoes

This how I view these hoes, hatas use these hoes

Use these hoes for what they worth then lose these hoes

Pimp's spelled wit 2 P's hoe, I know that you see O's

In my checkbook and my neck huh, it's usually fro's

I like ya groupie hoes, just come to me show

Gettin' rub without child support, now sue me hoe

Cuz...[Bridge: Chingy]

Ho you can't get a dolla from me (Not one dolla)

A playa is yo man-to-be (That's me)

You are the weakest link, girl you I don't need (go on bout ya biz)

All my cats, won't you say it wit me, we...[Hook: Chingy] -x2
