Swamp Song

[Blur](#)

Give me good times
Give me saliva
Give me fever
I'm a believer, yeah, yeah
Give me insane
Give me space brain
Give me music, give me love
Abandon us in love
Give me good times
There no joke rhymes
Give me easy breathing
Give me everything, everything, everything
Wakah, Wakah
[Incomprehensible]Give me good times
And give me saliva
Give me fever
I'm a believer
Yeah, give me insane
Give me space brain

Don't leave me ever
We'll live forever, yes we will, I know we will
[Incomprehensible]Now, give me good times
Give me saliva
Give me fever
I'm a believer, you know I am
Give me insane
Give me space brain
Give me music, give me love
Abandon us in love
Stick it in my veins
Stick it my veins
Stick it in my veins
Laa laa laa
Laa laa laa
Laa laa laa
...
