Bottle It Up

Mike Stud

[Chorus]All these things bottled up
I needed to say to you
Tried, but I never knew how
But I've been drinking all night
and I think I'm on one
So I might as well do it now.
Cause I don't want to
Bottle it up (Kinetics let's see if I do)
Bottle it up
Ay yeah (x3)
We gon' pour out tonight, aww yeah.
[Verse 1]Another night, another flight.
This a toast to everything I'm doing right, yeah.
Taking off in a literal sense
but doing music full time
is a little intense. And now
I don't know where I'm flying to
I fly, then I land, and I party
just because I'm signed to.
Mind you that I did what I was tryin' to
Now all I do is get with women that I'm blind to.
Sayin' adios to the girl I love most.
And these women on the road
don't even come close.
At the end of the day, I guess I needed you.
Wanted it all,
but couldn't have me cake
and eat it too.
Never told you anything
that you needed to know.
And it seemed like the best bet
was for me just to go.
What would I say if me and you
could have a night alone.
But for now, I'ma tell it
to this microphone.
[Chorus]All these things bottled up
I needed to say to you
Tried, but I never knew how

But I've been drinking all night
and I think I'm on one
So I might as well do it now.
Cause I don't want to
(You gotta never want it)
Bottle it up
Bottle it up
Ay yeah (x3)
We gon' pour out tonight, aww yeah.
(Kinetics in your headphones)
[Verse 2]Ugh yeah, bottle it up.
We don't stop pourin' the bottles
till the bottoms are up.
And we don't have a
chase in here to follow it up.
Cause we like the way the honesty burns.
So we turn the lights low
when we took shots.
Y'all don't got that good pot.
Ya'll need to invest
in better trees - Woodstock
Cause tonight we getting faded
like it's 69.
Till I tell you everything
that now you bottles up inside.
We build clock,
bring calendars,

and predict the weather.
But when we stop to sit,
we never think to sit together.
I just wanna sit next to you
to confess to you.
I could write a book
with all the things I never said to you.
Why type at all when I make a track?
Cause if you wear a hardcover
you'll never make any paper-back.
Ugh, look you in the eyes
when I state a fact.
so when I finally say it
I will never take it back.
[Chorus]All these things bottled up
I needed to say to you
Tried, but I never knew how

But I've been drinking all night
and I think I'm on one
So I might as well do it now.
Cause I don't want to

Bottle it up
Bottle it up
Ay yeah (x3)
We gon' pour out tonight, aww yeah.
They know, they know, they know.
(I think they know)
They know, they know, they know.
(Do they really know?)
They know, they know, they know.
[Verse3]Yeah, ugh.
But do they really know
what started as a hobby.
Now I'm sitting in the lobby
Kickin' it with a hottie
like I'm teachin' her karate.
This a toast to Tommy
and It's all for you
Almost gave up when baseball
was fallin' through
And nobody
more surprised than I am
cause honestly,
none of this shit
was part of my plan.
But I continue doin' me though
Putting on this front like
Life is easy as a free-throw, so.
All this shit is one big trick up my sleeve
Cause if you're overwhelmed
then you'll underachieve
Well, this a plea
for all y'all to listen
This music is my bottle,
that all y'all are drinking.
[Chorus]All these things bottled up
I needed to say to you
Tried, but I never knew how
But I've been drinking all night
and I think I'm on one
So I might as well do it now.

Cause I don't want to
Bottle it up
Bottle it up
Ay yeah (x3)
We gon' pour out tonight, aww yeah.
