Here and Gone

Shotgun Rider

The country road dust is long since settled
from a slamming screen door and a goodbye pedal
Now Iâ€™m free to do what I like
All this peace, donâ€™t feel right.

Cause a day without you is a day without sun
`Shine without Cherries
Coke without Rum
Like a radio station that donâ€™t play no songs
Itâ€™s Halfway Right! Halfway Wrong!
Without you here Iâ€™m somewhere in between
Here and Gone

Woah

All the colours out here seem to come and go
Dancing round a memory nice and slow
Like a flickering buzz of a neon light
All I know girl is a I donâ€™t feel right

Cause a day without you is a day without sun
`Shine without Cherries
Coke without Rum
Like a radio station that donâ€™t play no songs
Itâ€™s Halfway Right! Halfway Wrong!
Without you here Iâ€™m somewhere in between
Here and Gone

Solo

Cause a day without you is a day without sun
`Shine without Cherries
Coke without Rum
Like a radio station that donâ€™t play no songs
Itâ€™s Halfway Right! Halfway Wrong!
Without you here Iâ€™m somewhere in between
Here and Gone

Woahhhh woahhh

Here and Gone
