Playhouse

Van Morrison

Tear your playhouse
Tear your playhouse, tear your playhouse down
Tear your playhouse, tear your playhouse down
Oh, all that money, it's going undergroundBaby, all that money
All that money, don't it make you frown
All that money, don't it make you frown
Careless love done, tore your playhouse downAll that money, all that money
All that pounds, shillings and pence
All that money, all that pounds, shillings and pence
All that money but it's just no common senseGoing down to Florida, going down to Florida
Gonna move you off my mind
Going down to Florida, I'm gonna get you off my mind
Going down to Florida just to bide my timeAll that money
All that money, don't it make you frown
All that money, don't it make you frown
Careless love done, burned your playhouse down, playhouse downCareless love done, burned your playhouse down
Burned your playhouse, burned your playhouse down
