

# Waiting for You

[D.O.A.](#)

Right, I'm sitting here with a sharpened blade  
Sitting here with a loaded gun  
With my back to the sun  
Just waiting for youWaiting for you  
Waiting for youRight, I'm sitting here with a sharpened blade  
Sitting here with a loaded gun  
With my back to the sun  
Just waiting for you  
Waiting for you
