

# Jars Of Clay

## Mpx

A promise from a cardboard box  
So commonly thrown on the street  
    How easily we break apart  
But we never seem to stay that way there's  
    Something inside  
    Something inside those jars of clay!  
    Something inside  
Something inside those jars of clay! Hey  
    Outwardly we're wasting away  
    Inside we're renewed day by day  
    It's always him it's never me  
  
    He is truth why can't you see?  
    Something inside  
    Something inside those jars of clay!  
    Something inside  
Something inside those jars of clay! Hey  
    Something inside  
    Something inside those jars of clay!  
    Something inside  
Something inside those jars of clay! Hey
