

# I Seen What I Saw

## Eac

I seen ya in your red room laughin'  
With your shinin' coffee can  
So many wrongs all kinds a goins on  
Held my head an ran  
But I hid and did a bit more lookin'  
Saw ya dancin' on the pine porch creakin'  
Mouth open an doors down wide  
Here's what was inside  
I seen what I saw  
An these things I do are wrong, that's all  
An these tales I tales I tell are tall  
Then I climbed up on the big horse strapin'  
Put the spur down to blood  
He took off 16 horses strong  
Left me lyin' in mud  
An there I sit until the sun's up shinin'  
Yes an black stands my ride  
Twenty hands high  
An watchin' spookeyed  
My hands on his side
