

# Revolt

## Mike Hawkins

This is the trench that never surrenders  
Fighting the front attacking their nest  
All out, holding our flag

All out, ruling our path  
Our revolt  
This is the trench that never surrenders  
This is a strike that targets an answer  
Heads up, confronting the task  
Heads up, we're wearing no mask  
Look inside the truth  
It's our revolt  
It's our revolt
