Holding On

FireHouse

[CHORUS]
Holding on but she wants to wonder
Holding on but she wants to fly
Holding on but she wants her freedom
Holding on cuz' she just can't say goodbyeWhen there's trouble in paradise
She's got a problem
when left to her own d?Indecision, mess your mind
She's leaving with you
then she'll leave your ass behindWe both agree, she disagree
that she's about to cross that line
Love is easy, when is flying
but she had make? tonight[CHORUS]She's an angel in the skies
She wants to?
and dance with other guysWoman in love, but she wants more
she don't even know exactly
what she's looking forWe both agree, she disagree
that she's about to cross that line
Commitment's easy, when there's time
but she had make? tonight[CHORUS][SOLO]Holding on but she wants to wonder
(she wants to wonder)
Holding on but she wants to fly
(she wants to fly)
Holding on but she wants her freedom
(she wants her freedom)
Holding on cuz' she just can't say goodbye
(can't say goodbye, no)
