Save Your Love

(jerry lynn williams)
Producer for bonnie: gene capelI've always wandered alone
Afraid and on my own
But up till now I'd think of you
Memories lost and regained
Seemed to refrain me
On days that weren't quite so blue*save your love
Like it means the world to you
'cause that's exactly what
Your love means to me
It's like a spirit lost
And finally set free
Come on and save your love
Save your love for meYou upped and told me your feelings
Hiding down deep within
Where do I begin
So I'll keep on singing this song
Hope you'll sing along
Then maybe someday we'll be friends(* repeat 2 times)Save your love, oh yeah
Save your love
Come on and save your love
Save your love for me
Save your love, save your love
Come on and save your love
Save your love for me(* repeat)Save your love
Oh save your love
Save your love, oh yeah yeah
Save your love
Save your love
Come on and save your love
Save your love...
