

# I Got Your Back (feat. Kashmere)

DMX

Featuring Kashmere[Bridge]  
Lay down my back I got you  
I can't walk this dog without you  
You won't be the same without me  
Now go whatever when it's always gonna be  
You won't be the same without me  
Now go whatever when it's always gonna be[Hook]  
Go get your stories if your dreams will come true  
I got your back and I'm gonna be there for you  
When this place is too much and you don't know what to do  
I got your back and I'm gonna be there for you[Verse: DMX]  
Shorty got my back like a jacket  
Hold me down when I can't hack it  
Bringing the paper when she's stacking  
Walking together with the ratchet  
Probably gon' snatch it  
Dropped the ball and she catch it  
This how we do  
Bonnie and Clyde nigga this how we do  
She down in her ride nigga this how we do  
'Til a nigga die, this how we do[Hook]  
Go get your stories if your dreams will come true  
I got your back and I'm gonna be there for you  
When this place is too much and you don't know what to do  
I got your back and I'm gonna be there for you[Verse: Kashmere]  
Yo I hold him down like nobody else  
So when it's time thrive I'm by side you  
Count on nobody else  
Run up in the spot with the gamers  
Who these rats in bandanas just take with them cameras  
Get what we came for (come on let's get gone)  
'Cause when it come to that paper (we get it on)  
I'm here for 'em 'cause I know we need that  
And I'ma be by side 'til the day that I die[Bridge x2]  
Lay down my back I got you  
I can't walk this dog without you  
You won't be the same without me  
Now go whatever when it's always gonna be[Verse: DMX]  
Whether raise or pause, my paint is yours

Pop you come up and beat your extence to flaws  
When your greener the mess we made  
Roll out and live good for the rest of our days  
She got me, I got her  
Still get up in that pussy like grrrr  
We don't even curve but that's behind us  
Cops looking for us, the motherfuckers find us[Hook x2]  
Go get your stories if your dreams will come true  
I got your back and I'm gonna be there for you  
When this place is too much and you don't know what to do  
I got your back and I'm gonna be there for you
