

# Best Friends

## Mis-Teeq

La la la

La la la

La la la

La la la Remember the time when we used to play, yeah yeah

Knock down ginger and we braid hair

Drunk slush puppies every day and

Now you're not around A trip to the sweet shop, oh, was a treat

When your mama gave us 50p

What happened to those good old days

You ain't here with me So how you been? I know I haven't seen you

I heard you were working, not as much as you do

Just keep trying, maybe I'll come and see you

You know I'm gonna be here I know it's taken time, you felt I left behind

My ordinary life but it's the path I had to find

To get some peace of mind, I had to leave you for a while

I felt empty deep inside without my best friend by my side La la la

La la la

La la la

La la la Remember the time when we took the train, yeah yeah

Got home late, my mum had gray hairs

Sleepovers on Saturdays, yeah

Girl, I miss those days Remember when Bobby Brown was the craze

We used to sing along like everyday

What happened to the pact we made

To never separate What you doin' at 8? Coming round to see you

Don't be late, there's so much that we should do

Just like old days, got everything to tell you

Good friends don't come easy I know it's taken time, you felt I left behind

My ordinary life but it's the path I had to find

To get some peace of mind, I had to leave you for a while

I felt empty deep inside without my best friend by my side I know it's taken time, you felt I left behind

My ordinary life but it's the path I had to find

To get some peace of mind, I had to leave you for a while

I felt empty deep inside without my best friend by my side Wherever we've been along the road

You've always been a friend to me, I know

I'll stick with you till the end through thick and thin

You'll always be my best friend I know it's taken time, you felt I left behind

My ordinary life but it's the path I had to find

To get some peace of mind, I had to leave you for a while

I felt empty deep inside without my best friend by my side  
I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a while  
I felt empty deep inside without my best friend by my side  
I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a while  
I felt empty deep inside without my best friend by my side
