

# In Remembrance

## Therion

Draconian age, Typhonic dream  
Nuit lead the qliphotic stream  
The depths in mind where visions dwell  
Projections of an open shell Into remembrance we transcend  
Into memories from a prior supreme darker age Thy fallen thou shall rise Into aeons of the dark supreme  
A ride on the qliphotic stream  
Demonic queen, the whore of Babylon  
The one who ride To Mega Therion
