

The Rip Tide

Beirut

And this is the house where I
I feel alone
Feel alone now
And this is the house where I
Could be unknown
Be alone now
So the waves and I found the rolling tide
So the waves and I found the rip tide

And this is the house where I
I feel alone
Feel alone now
And this is the house where I
Could be unknown
Be alone now
So the waves and I found the rolling tide
So the waves and I found the rip tide
