Waterfall

brainstorm

..time stops for a while..
..water runs still..
..the river goes up the hill, up the hill..Sometimes I fell like a waterfall, like a waterfall
Sometimes I fell like a waterfall, like a waterfallTime stops for a while and water runs still
No more rush, the river goes up the hillSometimes I fell like a waterfall, like a waterfall
Sometimes I fell like a waterfall, like a waterfallEternal flow, this miracle gives me wings
And no one can stop me, time's just playing my stringsSometimes I fell like a waterfall, like a waterfall
Sometimes I fell like a waterfall, like a waterfallLittle space gods kindly watching through cloudy, stormy sky
We are children of the time machine
Who always will ask why,..always will ask why..
We look up to the sky
To fly
To fly..
