Fight the Fight

Laakso

We are all fighting the same fight
We are all in the same war
We are all in the same revolution
You got to know what you're fighting for
We are all fighting the same fight
We are all in the same war
We are all in the same revolution
You got to know what you're fighting for
Yelling and kicking, trying to stay alive
All the time eyes on the prize
But does anybody hear my cries?
Tell me something, "Do I qualify?"
TV telling me we?re just the same
What they're talking is the same old game
Tell me, "If I'm just like you
Why can't I do the things that you do?" huh, well
If war's the key, what door will it open?
If peace the answer then what's the question?
Well, war is hell, peace is hell, love is hell
(I've had it with you)
Oh, what the hell?
My heart beats just like yours
When I dream my mind soars
But no fantasy can pay my bills
Another dream unfulfilled
We are all fighting the same fight
We are all in the same war
We are all in the same revolution
You got to know what you're fighting for
We are all fighting the same fight
We are all in the same war
We are all in the same revolution
You got to know what you're fighting for
Fight the fight in the war, in this revolution
You got to know what you're fighting for
