

Pretty Girls

[Link 80](#)

When I first saw her at the show
Walked over and said, "Hey let's go"
She was the prettiest girl I'd ever seen
Do you know what I mean? She was the one I'd been looking for
I can't take it anymore
I thought we were going to have so much fun
That was before she pulled a gun Now what can I do? What can I say?
She's got a gun to my head and I can't run away
Why do pretty girls carry guns?
Was she going to kill me just for fun? And can you tell me
Why is she pointing this gun at my head?
In a few minutes, will I be dead?
I pleaded and begged and I got on my knees
I just wanna leave So I said I have to go to the bathroom
She said she'd kill me if I wasn't back soon
But I jumped out the window
And ran as far as my legs would let me go
I think I'll miss her, even though she tried to kill me Because she was the prettiest girl that I'll ever see
I thought we were going to have so much fun
That was before she pulled a fucking gun
