Pretty Lady

Ramize

Can I get to know ya?
'Cause I'm cravin' to hold ya
Just let me share
All the things that are in my head
You should be havin' fun
With the only one
You give your love too
Won't you let me complete you, baby?
Pretty lady, you might think I'm crazy
Pretty lady, won't you be mine?
Pretty lady, you should be having my baby
Pretty lady, can we spend some time?
I've been in love before
I'm not afraid, you see
I just wanna be
The only man you would ever need
Say what you want
'Cause I'm here to please you
I'll give you my credit card
Baby and my keys, maybe not for the the ride
But let me tell you something, baby
Pretty lady, you might think I'm crazy
Pretty lady, won't you be mine?
Pretty lady, you should be having my baby
Pretty lady, can we spend some time?
And when you smile
Like the ocean wide, so beautiful
When I hold you close and pour it out
My heart and soul, so plentiful
Pretty lady, you might think I'm crazy
Pretty lady, won't you be mine?
Pretty lady, you should be having my baby
Pretty lady, can we spend some time?
How you gonna play it?
I want you for my lady
Baby, baby, baby
Won't you be mine?
How you gonna play it?
I want you for my lady

Baby, baby, baby
We can take our time
Pretty lady, you might think I'm crazy
Pretty lady, won't you be mine?
Pretty lady, you should be having my baby
Pretty lady, can we spend some time?
