Peace

Jennifer Knapp

He is my light and my salvation
Whom have I to fear?
In His secret place I'll hide and pray
That I might hear a simple wordOh, how I would have despaired
If You had not come found me there
I can lean against Your throne
And find my peace, find my peaceAnd when my enemies draw near
I pray that they will find
That I'm protected and secure
All tempests He will bind with a mighty wordOh, how I would have despaired
If You had not come found me there
I can lean against Your throne
And find my peace, find my peace
