

Heaven Down Here

Tuck & Patti

What are you waiting for, believe in me
Isn't it love in this life that you need
You can offer your soul to an altar of sacrifice
But give your heart to me Let's bring Heaven down here
Let's bring Heaven on down
I don't want to wait for the angels
Let's bring Heaven down here What's in the sky that you and I can't find
Simply in love what could be more divine
How can I make you believe forever and ever more
I'll give my heart to you
Repeat
Let's bring Heaven down here
Let's bring Heaven on down
I don't want to wait for the angels
Let's bring Heaven down here Can I lay you down
Don't you know salvation is the warmth of my embrace
Let me touch your lips
Kiss the moonlight on your face
I need you now
I need you now
Repeat 1
Repeat
Let's bring Heaven down here
Let's bring Heaven on down
I don't want to wait for the angels
Let's bring Heaven down here
