Live (Right Now)

Cee-Lo

Rock
Roll, roll, roll, rollWell, every time that you're allowed to see the morning sun
It's a reminder that your life ain't done
Wake up and live
Wake up and live right nowI keep believing I can fly, find my reasons why
The only way you'll ever earn to die, is if you live
You got to live right nowAnd don't you let nobody tell you what you can do
Ain't another minute promised to you
You better live
I said live right nowYou got to cherish every moment, carelessness is a crime
Revelation gonna be right on time
You better live
You better live right nowYes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, you say I live right now
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, you say I live right nowAnd to the hustlers grinding on the block every day
I know sometimes it got to be that way
You got to live
You got to live right nowAnd every day is like a test so you doing your best
And you see a nigga dying for less
Try to live
Start living' right nowYes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, I said live right now
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, I said live right nowAnd all that in and out of jail is getting old
Let this song here save your soul
Brother live

Start living right nowI bet you never thought you would hear from me
But rather change how I used to be
I want to live
I want to live right nowYes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, I said live right now
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Yes sir, yes sir
Live, I said live right now
