

We Don't Stop (Elk Road Remix)

Kaskade

We hold who we are
Carry the weight of the storm
And we hope to be whole
Buried where memories are born We don't stop
We don't stop for no one
We won't break
The world won't wait for you
We don't stop
We don't stop for no one
We won't break
The world won't wait for you We hold who we are
Carry the weight of the storm
We were born to be Gods
Chasing the light that we are We don't stop
We don't stop for no one
We won't break
The world won't wait for you
We don't stop
We don't stop for no one
We won't break
The world won't wait for you
