

I Will Always Need Your Love

Gloria Estefan

In the book of my life
Till the day that it's through
You know most of the pages belong to you
Every interesting chapter
Every twist, every turn
You're my willing accomplice to the lessons I've learned
Till the end of the story
I'll be riveted
And when I write my dedication I'll say

(Chorus)

I will always need your love
Wish I could write it in the Daily News
I will always need your love
It would be very hard to fill your shoes
I will always need your love
So many ways that I depend on you
I will always need your love
No one else, no one else, could love me like you

You know all my faults
Every strength, every quirk
You can dictate a handbook on the way that I work
Many towering hurdles
You've helped me climb
What was already great is even better with time
You've discovered each secret
Every fantasy
The only thing I really need you to see

(Chorus x2)

I will always need your love
I will always need your love
I will always need your love
...always need your love
I will always need your love
So many ways that I depend on you
I will always need your love

No one else, no one else, could love me like you

I will always need you love
