

Don't Mess With Me

Whitesnake

Don't it break your heart
And don't it make you sad
When a love is good
And the love goes bad
Don't it break your heart
Don't it make you cry
When they play your song
And she dances by
And the dreams
All of your kisses forever dreams
Suddenly came apart at the seams

That's how it goes when love goes
And it rains and rains
And the sun just won't shine
Oh, don't it break your heart
Well, it sure broke mine
And it rains and rains
And the sun, it just won't shine
Oh, don't it break your heart
Well, it sure broke mine
