No Way

Nicotine

No way!
Blood in my hands
Confused in my head
That was a nightmare
I got a shitty pain
I was caught in a rain
I was in my bed
It was out of control
Of my bodyI think I have a disease
An illusion is now in my eyesNo way!
Blood in my vein
Made me lose my head
That was a nightmare
I got a shitty pain
Deep in my brain
I was in your bed
It was out of control
Of my bodyI think I have a disease
An illusion is now in my eyes
