Never Gonna Give Up On Love

Ellie Campbell

Yeah...
Never gonna give up on love
Forever and all that stuff
Takes more than a broken heart
To make my world fall apart
Never gonna give up on love
Till I get it right,alright
I'm hanging up my lonely shoes
Gonna dance when I get the blues
Let the rain roll off my back
Leave the heartache in the past
Never gonna give up on love
Till I get it right,that's right
Yeah
I've already made up my mind
I'm taking my own sweet time
Till I find the right place,the right one
I'm gonna be find cause i'm...
Never gonna give up on love
Forever and all that stuff
Takes more than a broken heart
To make my world fall apart
Never gonna give up on love
Till I get it right,alright
There's a well that won't run dry

There's a flame that's always bright
There's a life with a soul that's true
In a place where the storm blows through
Never gonna give up on love
Till I get it right,alright
I've already made up my mind
I'm taking my own sweet time
Till I find the right place,the right one
I'm gonna be find cause i'm...
Never gonna give up,never gonna get down
Never gonna quit till I hit that high ground
I'm ready to shine I'm ready to fly
I know I'll get there somehow

Never gonna give up on love
Till I get it right(till I get it right)
Never gonna give up on love(on love)
Forever and all that stuff(oh yeah)
Takes more than a broken heart
To make my world fall apart
Never gonna give up on love(on love)
Till I get it right(till I get it right)
Never gonna give up on love(on love)
Forever and all that stuff(oh yeah)
Takes more than a broken heart
To make my world fall apart
Never gonna give up on love(on love)
Till I get it right(till,till I get it right)
