At Last

Etta Jones

I was never spellbound by a starry sky
What is there to moon glow, when love has passed you by
Then there came a midnight and the world was new
Now here am I so spellbound, darling
Not by stars, but just by you

At last my love has come along
My lonely days are over and life is like a song
At Last the skies above are blue
My heart was wrapped in clover the night I looked at you
I found a dream that I can speak to
A dream that I can call my own
I found a thrill to press my cheek to
A thrill I've never known
You smiled and then the spell was cast
And here we are in Heaven
For you are mine at last

At last my love has come along
My lonely days are over and life is like a song
At last the skies above are blue
My heart was wrapped in clover the night I looked at you
I found a dream that I can speak to
A dream that I can call my own
I found a thrill to press my cheek to
A thrill I've never known
You smiled and then the spell was cast
And here we are in Heaven
