Walls

DC Talk

Man against man just ain't the plan
Its time for Gods people to take a stand
I mean brother to brother, black to white
Stand up to the problem and begin to fightNot against each other, youre wastin time
Yo, Im referring to a battle of minds
Not through debate or writin on the walls
This kinda action is delayin the causeAn eye for an eye, fight fire with fire
Its our turn to take it one step higher
Gotta live by example, show brotherly love
Were together on earth, well be together aboveSo were tearin down the walls of segregation
Unity abroad, new revelation
Tearin down the walls of segregation
Unity abroadTo label churches by color ain't nothin but wrong
Were in the same crew, were singin one song
If youre in Gods army, that makes you my kin
And yo, our common bond is the father of menOf all attributes that we should possess
Love is in the word ahead of all the rest
No negotiation to love a certain nation
All means all, with no discrimination boyWe can set a precedence the world can cop
Yo, fellow believer, nows the time to stop
Racism within our lines
Today is the time for this love to shineTearin down the walls
Unity abroad, new revelation
Tearin down the walls of segregation
Unity abroad
