Spark

Fitz And The Tantrums

I heard a spark, something that glowed hundred feet higher
I opened my eyes when there is light to see if I'm closer
What if I stopped just for a while to make it go slower
Still half the night, just for a while to see if I'm finer, live like I'm finer
Tell me a tale, something with fire to break from the sorrows
To break through the dirt, piles of earth, to see where the sun goes
What if I stopped just for a while to see if I'm closer
Still half the night, just for a while to see where the sun goes, oh, oh, oh
I heard a spark, something that glowed hundred feet higher
I opened my eyes when there is light to see if I'm closer
What if I stopped just for a while to see where the sun goes
Still half the night, just for a while to see if I'm finer, live like I'm finer
