

Think of Me

Vio

Put your high heels on
and walk to me.
Put on your perfume
and lead me on. Put your lipstick on
and think of me,
a wicked smile you
send to me. Water falls
on your skin and clothes.
Fingers stall
where they want to go. As you whisper,
let's go home.
As you take my hand,
you're coming home. Dancing slowly, showing what you wear.
As you stand above me, throw me in bed.
I hold your hair,
kiss you over and everywhere. Whatever you need,
you'll find in me.
Think of me
before you go to sleep. Your eyes glance down.
You check me out.
A teasing posture
you keep about. Wrap your legs
around my head
until I'm over
and out of air. As you whisper,
let's go home.
As you take my hand,
you're coming home. Dancing slowly, showing what you wear.
As you stand above me, hands on my head.
I hold your hair,
scream and bite me when I've gone bad. Whatever you need,
you'll find in me.
Think of me
before you go to sleep. Whatever you need,
you'll find in me.
Think of me
before you go to sleep. You feel me over,
your nails brush my chest.
I bite your neck. I kiss you down

and get between your legs.
You grab the sheets in bed. Shivering over me
as you go again.
