Would You Be

Bobby V

I'm sure by now you can read me like a letter
When my feelin' is on my sleeves so you see them better
Makes me wanna say it on my twitter
Let everybody know that I'm ridin' wit'chaAnd when I'm not around you
I feel out of place

'Cause I just wanna be around you

The chemistry is so coolWanna say it plain and simple

Let's make this official, officialOoh, would be my shawty, shawty, my lady, lady

My homie, homie, homie

Bless me, be my shawty, shawty, my lady, lady

My homie, homieOoh, would be my shawty, shawty, my lady, lady

That's how I know I gotta lock you down
