

Be My Druidess

Type O Negative

Advisory - the following lyrics contain explicit language:

Be my Druidess
Be my everything
Be my Druidess
Be mine Around the pyre a circle of thirteen
Throughout these woods, ecstatic screams
I look deeply into your eyes
I smell your hair, caress your thighs Now we'll make love by fire light
A blaze so high it lights the night
Long fingernails dug in my skin
Yourself so wet, invites me in Be my Druidess
Be my everything
Be my Druidess
Be mine Our lust increased, feeds desire
As we combust, yeah we on fire
I feel you shake so deep inside
You scream my name and squeeze me tight I'll do anything
To make you come
I'll do anything
To make you Be my Druidess
Be my everything
Be my Druidess
Be mine I'll do anything
To make you come
I'll do anything
To make you I'll do anything
To make you come
I'll do anything
To make you come I'll do anything
To make you come
I'll do anything
To make you I'll do anything
I'll do anything

I'll do anything
To make you come
