

# Tonight

## Saint Etienne

Check my make-up and check my watch again  
I can hardly wait  
Play the album and play it all again  
I can hardly wait They say the music press is set to try us  
They say that they're in love with synthesizers  
And baby don't you know there'll be surprises  
Tonight  
Tonight This could be my life this could save my life  
I can hardly wait Maybe they'll open with an album track  
Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Maybe they'll open with an album track  
Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Tonight when the lights are going down  
I will surrender to the sound  
And look at all the kids around  
Tonight the sound is breaking like a wave  
Wish it could always feel this way  
And life will never be the same  
Check my make-up and check my watch again  
I can hardly wait  
There's a part of me only they can see  
I can hardly wait Maybe they'll open with an album track  
Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Maybe they'll open with an album track  
Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Tonight when the lights are going down  
I will surrender to the sound  
And look at all the kids around  
Tonight the sound is breaking like a wave  
Wish it could always feel this way  
And life will never be the same It's been too long  
It's been too long Maybe they'll open with an album track  
Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Maybe they'll open with an album track

Or a top five hit no turning back  
Ooh ooh ooh-oh ooh  
Ooh ooh ooh-oh ooh Tonight when the lights are going down  
I will surrender to the sound  
And look at all the kids around  
Tonight the sound is breaking like a wave  
Wish it could always feel this way  
And life will never be the same
