

# One Night With You

[Gino Vannelli](#)

One night with you  
One dream come true  
One love no man can deny  
The good in your eye, yeah yeah  
Yeah yeah, yeah yeah One life undone  
One song unsung  
My world of fire and ice  
Become paradise, yeah yeah  
Elysium come true in loving you One angel of man  
Giving me wings  
To a promised land  
Leaving the world behind Leaving this world behind One night with you  
One sky come blue  
One night no rhymes can reveal  
The heaven I feel, yeah yeah  
Elysium come true in loving you
