

# Done

## Dave Hollister

I'm staring at these walls talking to myself tracing back to when it all when wrong.

We both can point fingers or blame everybody  
else the truth be told we created our own hell.

and I don't wanna stay in this place that we in so before we both  
go to far and I lose my friend...

I'm done yes i am i mean it this time No matter what you say you cant change my mind say I feel bad for the  
things i did stick a fork in me.

Wait a minute, before i say another word and put myself out I need to know you feel the same way.

Feel free to speak your mind baby im all ears ready for whatever you say...

So don't hold back give it to me straight cause I don't wanna feel like this another day baby...

Im done with the arguments, with rasing my voice, I thought about my promise and I had ni choice but to be  
done, so done, forgive me baby so done...

Break ups to make up (that's what we do) put each other thru (smile for me) but the best part is making up with  
you.

I apologize no matter how many times as long as you in my life yeah yeah (  
Done) Doing my dirt, we can make this work, girl you stook by my side even when it hurts (  
Done) Leaving you at hime while I run the streets, every time I go girl you gonna be with me.

Promise imma do better with a lil help don't y'all hear me out here, out here by myself.

Done, so done, oh done, (end)
