# Take Me

## [Papa Roach](#)

Take me
And let me in
Don't break me
And shut me outSo take me
(Take me)
And let me in
Don't break me
(Don't break me)
And shut me outI lit my pain on fire
And I watched it all burn down
And now I'm dancin' in the ashes
And there's no one else around
Because I wanna be a part of something
This is just a story of a broken soulAs days go by
My heart grows cold
I can't seem to let this all
Pass me bySo take me
(Take me)
And let me in
Don't break me
(Don't break me)
And shut me outI'm burning in the heavens
And I'm drowning in the hell
My soul is in a coma
And none of my friends can tell
That I'm reachin' out and getting nothing
This is just a story of a broken soulAs days go by
My heart grows cold
I can't seem to let this all
Pass me bySo take me
(Take me)
And let me in
Don't break me
(Don't break me)
And shut me outSo take me
(Take me)
And let me in
Don't break me
(Don't break me)

And shut me outDoes anyone around me feel the same?

Put your fist up and vent your pain

Does anyone around me feel the same?

Put your fist up and vent your painDoes anyone around me feel the same?

Put your fist up and vent your pain

Does anyone around me feel the same?

Put your fist up and vent your painAs days go by

My heart grows cold

I can't seem to let this all

Pass me bySo take me

(Take me)

And let me in

Don't break me

(Don't break me)

And shut me outSo take me

(Take me)

And let me in

Don't break me

(Don't break me)

And shut me outAs days go by

My heart grows cold

I can't seem to let this all

Pass me byTake me

Don't break me
