

Dragonship

Drakkar

[M: Beretta/L: Beretta, Cappellari] All around I hear the crackling of broken ice

Vision is not clear because of fading light

Frost in the air, but my heart is warm

Something burning levitates, rising from the lake

By two great wings it will fly in the skies

Dragonhead on the bow, with two shinin' eyes

"Welcome on board", I hear in my head

Tho' nobody' speaking now, I can hear it loud

[Bridge:]

I feel the power growing inside of me

Everywhere I want to go

Drakkar does, Drakkar knows

[Chorus:]

Dragonship spreading the wings

Bring me tonight, into the fight

Dragonship riding the wind

The reign of death, we'll make it end

Dragonship

[The Dragon's Spirit:]

I am the Spirit of the Last Dragon

I live inside this ship

I've been waiting for centuries

For a pure of heart

My honour's to serve you

To do as you command

My fate is to help you

In a mission so hard

We've finally reached the castle now

Dispel the magic, it won't keep me out

Cold flames erupt, from the Drakkar's jaws

And the shield is melted down, blue flames all around

[Bridge]

[Chorus]
