

# Christ Have Mercy

## The Thirsting

Well, someone take me back in time  
Before the sun refused to shine,  
To a world that was innocent of death that blows your mind.

A little girl was born on earth  
So you see, now  
That caused a billion dead because of choice, not liberty.

The devil was pleased as he could be  
In this girl that wrote the book  
Theyâ€™d call it Planned Parenthood  
Donâ€™t believe, me take a look.  
1917 she planned and sheâ€™d hope youâ€™d understand,  
Thereâ€™s nothing wrong with killing babies of a race that just ainâ€™t white

Call it fate, call it luck, in 73â€™, she won the buck  
And abortion was legal,  
Just grab your knife, your gloves, your hook.

Well, someone take me back in time  
Before the sun refused to shine,  
To a world that was innocent of death that blows your mind

Lord have mercy  
Christ have mercy  
Lord have mercy  
Christ have mercy

The demon was born in her heart, so you see,  
When she founded the American birth control league.  
Exterminate, eliminate a race that you canâ€™t tolerate,  
Just start with the baby daily grab his hands his toes and feet.

We donâ€™t want blacks, we just want whites,  
So letâ€™s just kill what we donâ€™t like.  
She never called herself a Nazi,  
But with Hitler sheâ€™d agree.

Well someone take me back in time  
Before the sun refused to shine,

To a world that was innocent of death that blows your mind.

Lord have mercy  
Christ have mercy  
Lord have mercy  
Christ have mercy
