Shatter Me With Hope

Him

The girl who cried, cried love, love
Cried for love
You can be Cassandra
Underneath the sword of Damocles
We'll tear this baby apart
Wise like Solomon
Run, come, shatter me now
Shatter me with hope
Crawl, come, breathe me in
Bleed out sorrow
Scream me a dream
Untouched by shadows
Baby, shatter me now
Shatter me now
Shatter me with hope
She'll be the witness
To the repose
Push the needle in
To the of canticles of ecstasy
Turn to page forty-three
And you'll know how I feel
Run, come, shatter me now
Shatter me with hope
Crawl, come, breathe me in
Bleed out all sorrow
Scream me a dream
Untouched by shadows
Baby, shatter me now
Shatter me now
Shatter me with hope
Swear on your heart's grave I'm wrong
And love like your life's depending on it
'Cause it is
