

# Shatter Me With Hope

## Him

The girl who cried, cried love, love  
Cried for love  
You can be Cassandra  
Underneath the sword of Damocles  
We'll tear this baby apart  
Wise like Solomon  
Run, come, shatter me now  
Shatter me with hope  
Crawl, come, breathe me in  
Bleed out sorrow  
Scream me a dream  
Untouched by shadows  
Baby, shatter me now  
Shatter me now  
Shatter me with hope  
She'll be the witness  
To the repose  
Push the needle in  
To the of canticles of ecstasy  
Turn to page forty-three  
And you'll know how I feel  
Run, come, shatter me now  
Shatter me with hope  
Crawl, come, breathe me in  
Bleed out all sorrow  
Scream me a dream  
Untouched by shadows  
Baby, shatter me now  
Shatter me now  
Shatter me with hope  
Swear on your heart's grave I'm wrong  
And love like your life's depending on it  
'Cause it is
