Prom Night (2k14 Radio Edit)

Anamanaguchi

I could be lying next to anyone,
but i'm still thinking of you.
You light the lighter to my cigarette
Can't set the flame without you.
And if you want me to come over baby,
then that's what I will do.
Just give me all your loving and don't slow down,
and don't you dare hold back at all.Go down and take me up to heaven.
Oh, how I live just to be next to you.
I need you here with me forever.
I live for you to love me.La la la la la love me, love me, love me, love me,
Love me like it's prom night.
I wanna hold you close like it's the very first time.
La la la la la love me, love, baby, love me, love me,
Love me like it's prom night.
Wanna be this fantasy all night with you.Go down and take me up to heaven.
I live for you to love me.Take me up to heaven.La la la la la love me, love me, love me, love me,
Love me like it's prom night.
I wanna hold you close like it's the very first time.
La la la la la love me, love, baby, love me, love me,
Love me like it's prom night.
Wanna be this fantasy all night with you.
