Bloodletting Go

[Tears for Fears](#)

Life, Mama says
Is bloodlettin' go
If I care for nothin'
Sun don't shine and the grass don't grow
Bloodlettin' goSociety dictates
By rules and regulations
But when things are so tired
You see things in the wrong light
Soon there will be no light
If the sun don't shineLife, Mama says
Is bloodlettin' go
If I care for nothin'
Sun don't shine and the grass don't grow
Bloodlettin' goIf by chance we both forget
The passage of space and time between
Pick up the pieces cold and wet
And drive them before the light to clean
Good times, bad times
Pain will come and pain will go
If I care for nothin'
Sun don't shineBloodlettin' go
Bloodlettin' goAnd just by chance we both forget
The passage of space and time between
Pick up the pieces cold and wet
And drive them before the light to clean
Good times, bad times
Pain will come and pain will go
If I care for nothin'
Sun don't shine
(Sun don't shine)
(Sun don't shine)
And the grass don't grow
Bloodlettin' go
