

# As Above, So Below

## Yngwie Malmsteen

There's a hole in the sky  
But don't ask me why  
Because I don't know  
There is a long way to go  
Future will show  
Where the road is leading me I will never die  
'Cause I will fly  
To the other side I will never die  
'Cause I will fly  
To the other side I'm trying to fight  
For what is right  
But evil spirits pass me by  
They do what they want  
They just don't care  
What you feel or what you say I will never die  
'Cause I will fly  
To the other side I will never die  
'Cause I will fly  
To the other side There's a hole in the sky  
But don't ask me why  
Because I don't know  
There is a long way to go  
Future will show  
Where the road is leading me I will never die  
'Cause I will fly  
To the other side I will never die  
'Cause I will fly  
To the other side I will never die  
'Cause we will fly  
To the other side I will never die  
'Cause I will fly  
To the other side
