

# Song of Surrender

## The Boswell Sisters

Hear the treetops sigh  
Hear the wind come whispering by  
It's the song of surrender  
Kisses waiting, warm and shy Hear the lonely stream  
Murmur low, come live your dream  
Hear the song of surrender  
How can we resist it's theme For love seems to glow in the night  
Why don't we follow its light  
Know in your heart that it's right  
To love, take my love Take my love to hold  
Till the stars wither and grow old  
Hear the night calling near us  
Oh, be fearless, oh, be free  
Hear the song of surrender and come to me
