

# I Wish You Would

## Treat Her Right

Early in the morning 'bout the break of day  
That's when my baby went away  
Crying and pleading don't do no good  
Come back baby I wish you would

You know I love you baby can't help myself  
Wouldn't mistreat you for no one else  
Kissin' and huggin' late at night  
Make my pretty baby feel all right

Well tell me baby what you tryin' to do  
Tryin' to love me and some other man too

Staying out drinking all night long  
About to drive the woman away from home  
You know I love you baby can't help myself  
Wouldn't mistreat you for no one else  
But crying and pleading don't do no good  
Come back baby I wish you would

I said come back baby I wish you would  
I said come back baby I wish you would  
Get back baby I wish you would
