Cast a Shadow

Beat Happening

The sandman is bringing me a special gift
A sleepy dream memory of our first kissCast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my directionThe sandman comes tonight I have a request
A snapshot dreamy keepsake of your embraceCast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my direction
Cast a shadow over hereWe'll make shadow plays we'll dig shadow graves in my shady shadow cave
The shadow grows longer in my twilight sleep
I wallow and remember your lock me teethCast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my direction
Cast a shadow in my directionBring back shadows of your affection
Cast a shadow in my direction
Bring back shadows of your protection
Cast a shadow in my direction
