

In Low Light

T.O.L.D.

In low light you can see my insides
Until morning comes by
Stay with me 'til sunrise
Stay with me tonightSunrise
Stay with me tonight
Sunrise
YeahIn low light show me what the sun hides
Burn the embers with wine
Stay with me 'til sunrise
Stay with me tonightI can see your shadow
Falling down, it's falling down
This will end tomorrow
Falling down, I'm falling
DownIn low light we stop falling
Don't try, death is calling
Oh thy, death is mourning
Stay with me tonightThe sun goes down
I see you now
The sun goes downI can see your shadow
Falling down, it's falling down
This'll end tomorrow
Falling down, I'm fallingI can see your shadow (down)
Falling down, it's falling down
This'll end tomorrow
Falling down, I'm fallingTonight, stay with me tonight
Can you stay with me?
Tonight, stay with me tonight
Can you stay with me?I can see your shadow (I can see your shadow)
I can see your shadow (I can see your shadow)
Tonight (I can see your shadow), stay with me tonight (I can see your shadow)
Tonight, stay with me tonight (I can see your shadow)The sun goes down
I see you now
The sun goes down
I see you now
The sun goes down
I see you now
